Dear Parents

Re: Chickenpox

Please may we ask for your co-operation in an important matter?

One of our pupils is receiving medical treatment for cancer, which puts them at risk if they are exposed to chickenpox.

If your child is suspected of having chickenpox, you should let us know immediately so that our pupil can receive the appropriate treatment.

Your child is not at risk whatsoever from this situation. However, the health and wellbeing of our pupil who is at risk does depend on the co-operation of all other parents and we hope you can help us.

With kind regards

Yours sincerely

Mr N Hine

Head of Year 8
